POLL OF INDEX; COUNTY GIVES EDGE TO COOLIDGE IN ILLINOIS

CHICAGO, Aug. 17.—While the poll, it is necessary to have a few candidates for President and Vica-President are still accepting the nomination, their managers are busy planning to gain popular approval and the campaign is yet to be made, a glimpse of the present direction of the political wind was given when the straws were counted at the Central States Exposition, at Aurora, Iii.

The results of the first canvass were as follows:
Calvin Coolidge, \$70: John W Davis, \$3; Robert M. La Follette.
103: W. Z. Foster, 2; total, \$32.
This poll gave one impression regarding the attitude of the public. Very few declined to vote for the reason that they had not decided how they intend to cast thair bailots in November. This one day—perhaps later polls will make a change—indicated that the voters have more information and are more nearly decided on what they think of national pollitics than is usually the case in national campaigns.

To get an understanding of the

SWING ROWDIES HECKLE SAMPLE

Up Corona Meeting

Bally-Hoo for La Follette Gathering is Futile

Coolidge Supporter

A great deal of resentment is being expressed in Riverside, Co-rona and Arlington by member of churches and Rotary, Lions and Kiwanis clubs, against the cam

or churches and Rotary, Lions and Kiwanis clubs, against the campaign of Congressman Swing to use these organizations for political purposes, particularly in the light of the fact that Senator Sample has a 100 per cent dry record in the State Legislature and is pledged to support all moral issues that may come to him in Congress.

It is suggested by Coolidge Republicans who have listened to some of the Swing "sermons" in the various churches, that he should be accompanied by his supporter, the notorious Billy Silver, representative of the saloon and, gambling interests of Mexicali and publisher of a scandal sheet, known as The Rounder. Swing has been quoted as felicitating Silver on "his brave fight for the liberty of the people" and might repeat it before his church audiences, it is suggested.

BANKERS TO AID MELLON

Committee Will Bombard Congressmen With Pleas for Treasurer's Plan EXCLUSIVE DISPATCH

WASHINGTON, Aug. 17.-Members of Congress, who opposed the Mellon tax plan, are to be bom-barded with appeals by bankers Mellon tax plan, are to be bombarded with appeals by bankers' committees in behalf of the approval of the original Treasury program when tax revision again is taken up. The movement is being launched by the American Bankers' League, headed by Charles De B. Claiborne of New Orleans. This organization has been allied with the Southern Tariff Association and was formed during the consideration of tariff legislation in 1922.

The League, through Mr Claiborne, has sent a letter on the subject to lits banker members.

"No matter which political party wins in the coming election, our tax laws will undoubtedly be revised by the next session of Congress and now is the time for the bankers of the country to take a more active part in the fiscal policy of the nation, since they are the highest authority," says Claiborne in the letter. "As a banker you owe it to your community and to the nation to relate to your fellow-citizens and to your Congressmen your experience and observations of the application of tax legislation upon the progress of the community and its effect upon the people as a whole and give them the benefit of your judgment as to the most capable remedy."

pealed through diplomatic channels against the detention of the government by Dr. Sun Yat Sen, of a large consignment of arms sent by a German firm, aboard the Norwegian steamer Hav.

The corps, which claims control of 60,000 armsd men, declares it intends to fight Sun Yat Sen unless the arms are released, as it asserts legitimate permission was granted for importing the arms. The corps is the outgrowth of the political turmoil of South China. It has a membership of 200,000 and is alleged to be non-

Hoodlums Attempt to Break

nator Says He is Strong

RIVERSIDE, Aug. 17. — Hood-lums, shouting for Swing and La Follette, attempted to break up a street meeting conducted by Sen-ator E. P. Sample at Corona last ator E. P. Sample at Corona last night in the interest of his candidacy for nomination to Congress in the Eleventh District. They drove by the Sample meeting, shouting at the tops of their voices, urging the crowd to disperse and attend a La Foilette meeting called to meet in the baseball park and to which few people were attracted.

Pausing in his address, Senator Sample said "For God's sake people if any of you are for La Foilette, go to his meeting, You will gain no comfort from what I have to say. For while La Foilette is a wonderful man, he does not represent the things in government that Calvin Coolidge stands for and I am an out and out Coolidge man."

NOBODY LEAVES

NOBODY LEAVES

Not a person left the meeting, although the La Foliette car was driven noisily past the Sample crowd and the bally-hoo repeated four different times. In closing his speech-making tour of Riverside county, Senator Sample atressed the importance of the election of a Congress in sympathy with President Coolidge and not opposed to him. He coupled Swing with the anti-Coolidge primary campaign last May and with the anti-Richardson campaign two years ago. He called attention to the fact that supporters of Swing in San Diego county filed a list of names of candidates for members of the Republican County Central Committee not one of whom would state that, if elected, he would support Calvin Coolidge for President

Pinch Your Nerves---Spoil Your Health!

You would not do this intentionally—that's true! But do you realize that you are very liable to pinch your nerves without knowing it? Seldom does a pinched nerve cause pain in the spine. Thousands of people slip, fall, over-exert themselves and in many ways cause the small bones of the spine to become displaced. Shocks to the body are registered in the backbone.

CAUSE

Do you know that 31 pairs of spinal nerves pass out

MAE PARSONS, D.C., Ph.C.

through the openings between the spinal bones on either side of the spinal column? These nerves carry the vital force of health to the various parts of the body. Falls, twists or shocks often displace these spinal bones-thus closing openings through which nerves pass, thereby shutting down the flow of vital force to some part or parts.

EFFECT

Eventually the organs to which these nerves lead begin to "act up" more or less, and you complain of stomach trouble, heart trouble, nervousness, or some-

THE ANSWER

Can this flow of vital force be re-established? Yes! That is exactly what we do. An X-Ray picture of your spine is the only way of knowing the EXACT position of displaced spinal bones. We then, by hand, gently adjust these small bones of the back so that the full amount of vital force can again reach the organs from which it was withheld-health being restored as the result.

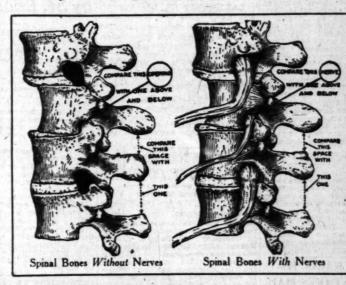

C. E. PARSONS, D.C., Ph.C.

The new organization is called the St. Louis Bus Company. It has made application to run busses over much the same territory as that traversed by the other dus company, so that it looks as if there will be a death battle between the two. The St. Louis Bus Company has announced it will issue transfers to street cars.

The People's Company is preparing to fight every move made by the new organization. It will oppose granting of permits for sections of the city already covered by busses.

CHEAPER FREIGHT ON COTTON IS SOUGHT

PLAN AFOOT FOR STEAMERS TO CALL AT MOUTH OF COLORADO RIVER

(BY CARLE-EXCLUSIVE DISPATCH)
MEXICO CITY, Aug. 17. — A
spokesman for the Baja California cotton growers says that negotiaers from the Mexican free ports Salina Cruz and Puerto Mexico call at the mouth of the Colorado River and load the cotton grown in Baja California for shipment to interior points of Mexico. The planters, he said, are certain such arors, he said, are certain such arrangements are possible and are promoting the plan to avoid shipment through the United States where freight rates are higher.

The planters are hoping also for the completion of a railroad from Mexicali to the Baja California gulf port of San Luis Gonzaga, which will greatly facilitate the transportation of the crop to the mainland. It is estimated by the growers' representative that this year's ers' representative that this year' crop will be 10,000 bales.

COOL NIGHTS RETARD MATURING CORN CROP

DES MOINES, Aug. 17. — Adand Southwest Minnesota, has been seriously delayed by the unseason-ably cold weather of the week just ended. Instead of the hot dry weather, usual at this time of the year and necessary for the advancement of the corn crop. there have been cool nights, some of them with the temperature painfully near the frost line. Threshing operations are progressing satisfactorily, except for frequent showers. Yields of all small grains are higher than average of recent years, while the quality of the grains is exceptionally good.

WORK TO START SOON.

WORK TO START SOON ON WAR HERO TRIBUTE

DES MOINES, Aug. 17.—Exe-DES MOINES, Aug. 17.—Exacuted in "Sunset Pink" granite the Gold Star memorial will be one of Des Moines' most beautiful and impressive monuments. It is to be erected in the Gold Star plot in Woodland cemetery as a reminder of the sacrifice of Polk county men and women who died in the World War. Work is to start soon and it is hoped it will be ready for de difeation next spring. Charles H. Niehause of New York designed the memorial. It will be thirty-nine feet long at the base, more than twelve feet wide and will stand slateen feet high. It will cost approximately \$75,000. Funds will come from a tax levy recently authorized.

A Safe Income

Safety is the first consideration of Trust Company Service

THEN you create a Trust, to be effective V during your life or to be-come effective under the terms of your Will, naming a Trust Company as trustee, you may be sure the principal of the funds entrusted will have the utmost protection.

To this end every possible safe-guard is provided. Substantial deposits are carried with the State Treasurer to guarantee the Trust Company's faithful performance of trusts. The courts and State banking department keep a con-stant supervision over its activities. The advantage of the collective experience and judgment of its corps of experts is afforded every trust. These indispensable safeguards, and others, have made it possible for the Trust Companies of this nation to manage proper-ties amounting to many millions of dollars annually without loss.

Investments and Income

The type of investment is an important factor in such protection. Trust funds are invested only in legally authorized securities, such as first mortgages on real estate

and high grade bonds. Stocks and real estate are never bought unless the trust agreement so instructs.

Trust Companies do not gamble. They seek to provide the maximum income, consistent with safety.

That income, when trust fees and other expenses, if any, are deducted will equal the earnings of conservative investments at current in-

Cost of Service

A Trust Company performs these services at exceptionally moderate cost. Its fets usually are fixed by the court or in the trust agreement, making it possible to know in advance within a few dollars of what the total cost of the service will be.

If you are interested in the possi-bility of a Living Trust as a solution of a financial problem or would like to know something of the advantages and benefits which the creation of a trust under your Will will bring to your heirs, call upon any Trust Company named below. Officers will gladly outline these matters in detail.

Speed Records

(BT A P. NIGHT WIRE)

SEATTLE, Aug. 17.—Two Great
Northern Railway silk trains which left here Wednesday broke all speed records to St. Paul when they arrived there pesterday, according to advices received here by officials of the company.

The first train made the distance of 1820 miles in thirty-nine hours and twenty-eight minutes, but its record was short-lived as the second arrived in thirty-eight hours and fifty minutes.

Great Northern officials said they believed that this was not only the best silk train record between here and St. Paul, but also a world record for a like distance.

We believe in him."
Mrs. Julia H. Asbrook, member of notification committee from Delaware and a delegate at large to the national convention in Cleveland:
"I think Delaware is absolutely safe for Coolidge. In the primary on the 2nd inst., more women than men registered. Eighty per cent of these women are Republicans and their anxiety to register may be taken as a reflection of the interest that the women of Delaware are taking in President Coolidge. They feel that with him they have a progressive man at the head of the nation, and they are determined to have him reelected." BROOKING (S. D.) Aug. 17.—A. N. Baker, 37 years of age, farmer near here, is in a local hospital in serious condition and his wife, 33, is held in the County Jail on charges having been lodged against her. She is said to have confessed to the Sheriff that she wielded the knife that mutilated her husband. Baker says he was awakened from a sound sleep to find his hands and feet tied and his wife wielding the knife with the agility of a trained surgeon. The woman's mental condition since surrendering to the Sheriff and her confession has been such that no explanation of the cause has been had from her. The Baker family life is said to have been a happy one. It is believed she became suddenly temporarily insane. They have two children, a boy 13 years of age, and a girl 11.

ZONING ORDINANCE SOUGHT IN PHOENIX

PHOENIX, Aug. 17.—It been found that Phoenix has no restrictive ordinances that cover restrictive ordinances that cover construction of industrial buildings in the residential sections. Thus it happens that a permit for a gasoline filling station may be issued for a structure at the corner of McDowell Road and Seventh street, in a district assumed to be restricted by its deeds. The City Attorney will try to draft an ordi-nance that will cover the matter.

Republican Speakers' Bureau, is

Everett Sanders, director of the Republican Speakers' Bureau, is entitled:

"Bryan's Views on Davis." The views, of course, are those of W. J. uttered before the Commoner had any idea "Brother Charley" might be hooked up as the running mate of John W. Davis.

The bulletin is a collection of excerpts from Bryan's signed and syndicated articles and interviews on David's conviction candidacy. They are all to the effect that with Davis as the standard bearer the Democratic Party would throw its chances to the winds, would be reduced to a third rate bower and that any way Mr. Davis would never do as a candidate.

On top of his comment on Mr. Davis's connection with J. Pierpont Morgan, "high priest of the money magnates," Mr. Bryan said Davis had not rendered conspicuous service as a champion of remedial legislation and that in battles of the party, for more than a quarter of a century he (Bryan) never had much help from John W. Davis. These, and predictions that La Follette would have a chance to run second if not first, are some of the bits of Bryan utterances reproduced in Republican Bulletin No. 1. When the violator of the law happens to be a woman, the age question always of them refuse to answer. So become that the traffic bument has ruled the officers in 16," if the driver appears to

"The women of Ohio have an important task ahead of them, but they have cleared the decks and are ready for the fray. The majority of our women feel that it is all important that we elect Coolidge and Dawes and a strong Republican this fail. Let us all stand and work together and the job is finished. I would like to stand on the house tops and proclaim Coolidge to the nation. We all know the President's record on legislation affecting women and children and it is a record which cannot fail to commend him to the mothers of the nation."

FAR WEST FOR HIM Mrs. Alice Collins, member of the notification committee from

always taken an active interest in politics and in public questions. This year their interest is intensified and I feel strongly convinced that the increased interest that the women are taking in the general election this fall will help the Republican party in the Far West. Speaking for Utah, there is no doubt that this State will be in the Coolidge-Dawes column. Women as a whole are much pleased and satisfied with Coolidge's administration of the national government and with his record for progressive legislation as Governor of Massachusetts. Not only will Utah be for Coolidge, but our women have awakened to the fact that a President is handicapped unless he has a Congress that supports him. Therefore, we are determined to give him men in the House and in the Senate who will work for his principles and his program."

Mrs. William Levan, member of the notification committee from Ohio:

"To elect their candidates the women voters have to believe in them through and through. This is the case with the women of Ohio who are supporting President Coolidge and, working for him They have a thorough confidence in him because of a record which has proven his honesty, his ability, his conscientiousness and his integrity of the performance of the public service.

HAS AIDED WOMEN

"His record in legislation particularly affecting women in industry and the welfare of children is one of the aspects of his public activity which the women are not losing sight of in this campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in the campaign. It was largely through President Coolidge in this campaign. It was largely through President Coolidge in this campaign. It was largely through Pr always taken an active interest in politics and in public questions

dustry and the welfare of children is one of the aspects of his public activity which the women are not losing sight of in this campaign. It was largely through President Coolidge's efforts while Governor of Massachusetts that that State took foremost place in enacting legislation affecting public welfare. We believe in him."

Were Julia Habbacok welfare.

NEW HAVEN (Conn.) Aug. 17. Twenty thousand dollars represents the fortune made in Junk by Levi Staring, 72 years of age, nicknamed "the Midas of Myrtle street" it was learned today when police recovered a safe stollen from his dingy apartment at No. 7 Myrtle street, this city. The contents of the safe revealed documents and bank books showing he had amassed \$20,000 during his half century of dealing in rags and scrap iron. His only apparatus in business was a two-wheeled soap box cart. Staring is a recluse. He pick over public dumps.

are some of the bits of Bryan utterances reproduced in Republican
Builetin No. 1.

The simple question: "What say
now Mr. Bryan?" can hardly come
within the category of mud slinging, the Republicans say. While
they are launched on a dignified
campaign by their candidate,
President Coolidge, they expect to
keep memories of the hectic time
at Madison Square fresh in the
minds of the electorate and ask
a few embarrassing questions. The Liberty Mutual Insurtion to the claim.

Shoe Company Finds Fashions Pace Too Fast

plan to enter other lines of business.

"We can no longer sell staple lines of shoes." said P. A. Becker, treasurer. "The women want as many pairs of shoes and as many varieties as they have hats. There have been too many radical style changes in the last fifteen years Perhaps this dizzying change is due to the dancing crase, or changes in other wearing apparel. When we first went into business styles change once a season. Now they change once a season. Now they change once a week. The shoe business has got out of the class of a steady industry and is a real risk."

TUMA (Ariz.) Aug. 17.-Loca found the "iron-bar murderer" in George Johnson, a Cocopah Indian, who now is under arrest and who refuses to answer any queries. The bar with which Damien Celaya was killed last week has been identified by S. Musgrove, a cattle man, as one that had been taken from his toolhouse. Johnson had been in the employ of Musgrove, whose home is about two miles from the scene of the murder. Footprints found around the body are said to match those of the Indian. found the "iron-bar murderer" in

FRIENDS CHURCHES

[LOCAL CORRESPONDENCE]

HUNTINGTON PARK, Aug. 17.

Two ministers are to come as new pastors before two congregations in Huntington Park churches on the first Sunday in September.

Rev. William Kirby, who has been pastor of the Friends Church its holding evangelistic meetings in the Northwest, expects to be here on the first Sunday of the coming month to begin his duties as pastor of the Friends' Church, having recently accepted a call from the congregation. Before his pastorate at the Long Beach church, he was for several years pastor of churches in the Middle West. He takes the place of Rev. Charles White.

The other minister to come here will be Rev. Herbert Weaver of Riverside, who takes up his work as pastor of the St. Luke's Lutheran Church in Los Angeles. He takes the place of Rev. John A. M. Ziegeler, who was instrumental in building the place of worship on East Florence avenue.

PASADENA, Aug. 17.-In an

PASADENA, Aug. 17.—In an effort to secure for Pasadena a shorter automobile route to Long Beach a local improvement association has appointed William W. Michael, professor of engineering at the California Institute of Technology, as chairman of a committee to survey the project and report to the association the most feasible method of obtaining the highway. Other members of this committee are Charles E. Stimson, representing the Oak Knoll residents, and Jesse M. Davis.

FIVE MILES SHORTER

Preliminary plans call for the opening of South Lake avenue with the proposed Long Beach Boulevard via Wilson avenue in Alhambra. This, it was set forth, would shorten the distance to the beach city by about five miles. At recent meetings of the East Colorado-Lake avenue Improvement Association, over which Clifton J. Platt is president, some opposition to the street opening developed. This opposition came from the residents in the Oak Knoll district, an exclusive residential center, where additional traffic and probable business sites are not welcome.

CAPTURES CUP

Winner Scores a 71 on Links of Coronado Club

Tops Field by Four Strokes With Card of 142

Tarrant Runner-up; Von Elm Takes Third Honors

BY CHARLES WEST

"Times" Staff Correspondent
[EXCLUSIVE DISPATCH]
CORONADO, Aug. 17.— Duplicating his performance of

CORONADO, Aug. 17.—
Duplicating his performance of yesterday, Willie Hunter gave Brother Par another joit today in scoring a 71 on the links of the Coronado Country Club, and won the famous Spreckels Cup with a total of 142 for the thirty-six holes of play, leading the balance of the field by four strokes. Jack Tarrant, Hollywood Country Club's stellar performed, equaled Willie's score for the final eighteen holes with a well-played 71, and took the Coronado Cup with second place, his total being 148, while George Von Elm, a big faworite to come out on top, took third place, one stroke behind Tarrant.

It was more or less a field day for Los Angeles golfers, five of the eight trophies put up for competition going to members of Los Angeles clubs. In the division for golfers of 4 to 8 handicap, Jess Puryear of Coronado won the Closs prize, 81-76-157, with Dr. Charles Hartley of the Los Angeles Country Club winning the net trophy, 160-16-144. Two Los Angeles players. Martin Leach and Fitspatrick, tied for gross honors in the division for 9 to 16 handicap men, Leach scoring 81-35-166, while Fitzpatrick's scores were 83-83-166. W. H. Fidler, a San Diego player, was winner of the low net in this class, 168-32-136.

go player, was winner of the low net in this class, 168-32-136.

REID TOPS RIVALS

The high handicap men were led by R. J. Relid of Los Angeles, who scored \$9-91-180, L. Bouvet of San Diego taking the low net trophy 181-38-143. Hunter's game today lacked the precision and steadiness which characterized it yesterday. He continued to have troubles on the greens, taking three putts twice, although ne ran down a forty-five footer on the fifth hole for a birdie. His tee shots were splendid, being almost invariably down the middle ann he drove pin high on two par 4 holes. He found difficulty in traps on several occasions, but always made excellent recoveries, and had he been able to sink his right foot putts, he would have smashed the course record of 69 into small fragments.

IN SAME POSITIONS

Hunter, Tarrant and Von Elm remained in their same respective positions after the turn today that they held after the first elighten holes, each negotiating the first nine holes, each negotiating the first nine holes in 36. Tarrant in spite of a 5 on the par 3 ninth. A bad cross wind made this short hole one of the hardest of the round, and the number of fives and sixes scored on it was surprising. Both Hunter and Tarrant his bed the last nine two under par, while Von Elm finished the last nine two under par, while Von Elm finished the last nine two under par, while Von Elm finished the last nine two under par, while Von Elm finished the same two under par, while Von Elm finished the first of the last nine two under par, while Von Elm finished last nine two under par, while Von Elm finished the last nine two under par, while Von Elm finished the same with the von the first of the last nine for the girls, so did Reginald Harrison of Venice take anything will prevent in deep harden of the last nine two under par, while Von Elm finished his state of the last nine two under par, while von the first of the last nine two under par, while von the last nine two under par, while von the last nine two under par, while von the last nine REID TOPS RIVALS

PETE ADAMS NAMED SPRINGFIELD PILOT

SPRINGFIELD (Mo.) Aug. 17 Pete Adams, first baseman with the local Western Association of the club to succeed Alvin Ma-lone, who has been in charge of the team since Charley Schmidt was ousted four weeks ago. Malone, who is one of the hurl-ing aces of the association, has her—unable to get the proper co-operation of his men. In today's game the Topeka Senators scored a 14-to-1 victory and the official score showed but three earned runs.

VENICE MERMEN TRIUMPH

Win First Honors From Rivals at San Diego While L.A.A.C. Swimmers Win in Girls' Division

BY FRANK B. HOWE

"Times" Staff Correspondent
SAN DIEGO, Aug. 17.—The Venice Swimming Association and the Los Angeles Athletic Club divided honors in the Pacific Coast swimming championship meet held here this afternoon, Venice taking a well-earned and decisive victory in the men's races and the Los An geles Athletic Club girls capturing the feminine contests.

Club, 14; Sunset Swimming Club, 11; L. A. A. C., 5; Ambassador

Eight Pitchers Unable to Subdue Bengals

Winner of Today's Contest Will Take Series

BY BRAVEN DYER Bill Essick's terrible Tigers put sacre yesterday that was awful to behold, the battling Bengals slamming six Siwash heavers for

two victories, 7 to 5, and 9 to 5, while some 10,000 rabid fans yelled their vociferous approval, which didn't please "Red Dog" Killefer, Stattle skipper, in the

Killefer, Stattle skipper, in the least.

The double defeat was entirely unexpected, the local pitching staff being so shot to pieces that two wins for Seattle were carded by the experts. Vernon's triumph hurt the Indians for San Francisco won one at Salt Lake and as a result again have first place to themselves. As Oakland copped a pair from Portland the Tigers didn't get ahead of their northern rivals, but the wins served materially to tighten up the first-division teams.

GAME TODAY different pitching selections, four in each game, and Harvey Sutherland and Carl Williams got into both contests, being extremely fortunate in that neither of them was charged with a defeat. The Bengals' hits were more timely and they also handled themselves better in the field, turning in no less than six double plays for the day, Jim McDowell figuring in all but one of them and making a beautiful unassisted one himself in the second contest that left the fans gasping. The breaks favored the locals.

Fred Gunther, the young player who opened the season with Los Angeles, filling in at second base now and then, has been recalled from the East and will join the club at Salt Lake tomorrow, according to an announcement made yesterday by "Boots" Webber, Seraph secretary.

HURRAH FOR HARRY

Perhaps the most noteworthy feat of the day was Harry Courtmey's citory in the first game. Herry cost the Vernon management \$10,000 and his work up until yesterday had caused officials to think that maybe, perhaps, they paid a wee bit too much for the former Seal star. He's been trying all the time, however, and (Continued on Page 10.

Tigers Turn and Trim Seattle in Two Games, 7 to 5 and 9 to 5

SOLONS RAP ANGELS TWICE FRED GUNTHER JOINS

Beat Doc Crandall, 3 to 2, in Morning Game and Take Afternoon Tilt, 2 to 0

BY ROBERT E. RAY "Times" Staff Correspondent (EXCLUSIVE DISPATCH)

SACRAMENTO, Aug. 17.-Colonel Pick's Solons made it four in a row over the Angels by taking both games of today'n two-ply bill, annexing the morning struggle 3 to 2 in ten innings, and winning the

game of the series.

Merlin Kopp, flashy little leftfielder for the Solons, was responsible for the downfall of the
Seraphs in the morning tilt, for
it was his home run down the
right-field line that broke up the
contest after Bill Hughes and
Doc Crandall had tangled for nine
innings in a neat hurling duel.
Kopp's drive hit just inside the
foul line and rolled clear to the
right-field fence, which is about
700 yards from the plate in the
peculiarly laid out Stockton park.
Cruise got the ball back in a hurry, but there was no stopping the
speedy Kopp from scoring.

SUDS DROP TO SECOND PLACE

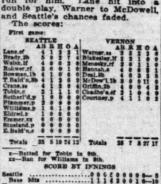

(Continued from Ninth Page) (Continued from Ninth Page)
the fans were strong for him yesterday and if Courtney has at
last struck the stride that made
him the best pitcher in the league
last year, Vernon's supporters will
be mighty tickled.

The Indians started off in a
menacing manner. After Lane
had filed to Chadbourne, Brady
slapped a double down the leftfield line. He went to third on a
passed ball, but a moment later
was nipped off the bag, Hannah
making a perfect peg to Deal.
Killeter was coaching there and
the fans gave Red the merry raspberry. Welsh closed the canto
with a fly to Menosky. Courtney
pitched seven successive strikes
before he tossed a ball to Welsh.

the fams gave Red the merry raspherry. Weish closed the canto with a fly to Menosky. Courtey pltched seven successive strikes before he tossed a ball to Weish.

Northwest Part of Kern Signed

BAKERSFIELD, Aug. 17.—
James Sprague of Stratford has leased to Victor L. Smith. Inc., the west half of the southeast quarter of the southeast quarter of the southeast quarter of Section 23, 25-18, in the Devil's Den district in the far northwest corner of Kern county.

The lease calls for drilling operations to a depth of 1500 feet to begin within four months. One well is to be drilled to ten acres, according to the lease and no consideration is stated.

Leasing activity still is reported from the Bluffs district to the northeast of this city, where Pan-American and St. Helen's are sinking wells about a mile and a half apart. H. A. Jastro has leased to E. A. Parkford of Los Angeles an undivided half interest in the northwest quarter of Section 23, 23-29.

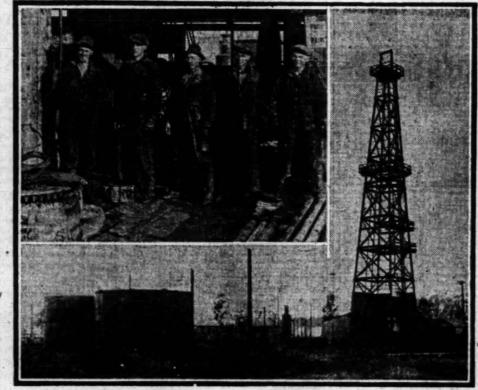

Drilling is to commence within is commence within in the continued of the commence within in the continued of the commence within in the commence within the comme

3-29.
Drilling is to commence within inety days of the completion of the Pan-American well. Drilling equirements call for a well 4500 set deep, royalty is one-sixth and cash bonus of \$4000 is to be paid rom oil production.

Completion of One Well and Drilling of Eight Into Oil Sand Mark Week's Work in Field

Completion of one producing well and the drilling of eight others ato the oil sand marked the activity of the past week in the Roserans field. The Superior Oil Company's Maxwell No. 1, continuing its 1100-barrel production of 42-degree gravity oil which started or

Production Shortly

considerable production seems asserted to highest gravity oil every secured here in large quantity.

HUNTINGTON BEACH, Aug.

11.—Despite the efforts of the crew to hold it back, the General Petroleum Corporation's Dabney No. 1 well blew in Friday while the baller was being used, and for more than twenty-four hours the gas roared out with a pressure which gauged 600 pounds.

On Saturday the Barnsdall Corporation struck a good oil show-roal and fine composition struck a good oil show-roal oil field. Numerous welding shops, tool agencies and trucking the composition struck a good oil show-roal oil field. Numerous welding shops, tool agencies and trucking the composition struck a good oil show-roal oil field. Numerous welding shops, tool agencies and trucking the composition struck a good oil show-roal oil field. Numerous welding shops, tool agencies and trucking the composition struck a good oil show-roal oil field. Numerous welding shops, tool agencies and trucking the projects. The Superior well is yielding the highest gravity oil ever secured here in large quantity.

Events of the past week helped to close the gap between the to close the gap between the Two wells—C. C. Julian's Athens No. 1 and the Sentinel Oil Company's Athens No. 1 and

Other wells drilling in the Athony and Delle was compared the was compared the was compared the was compared the was compared to the was compared

taken to establish the productivity of the southeast section and close in on the Athens well from that end. The Union has two wells in the oil sand which are slightly north of Rosecrans No. 1. The Padelford well's finding of oil at the shallow depth of \$730 feet caused surprise several weeks ago, It is engaged in a fishing job at 3753 feet, while Gray No. 1, a quarter of a mile due north of Rosecrans No. 1, is putting in tubing for water test. This well found oil at 4006 feet.

The Brockley well of the Associated, 300 feet north of the Gray well, is comented in the oil sand at 4151 feet. As the Brockley derick is only 1500 feet southeast of the O'Dea well, production in a continuous line from the Athens well to the Rosecrans well seems wirtually assured.

RENEWS INTEREST

changed by Senator W. A. Clark when he entered the camp, but when the distinct which has distinct which has a surface showing of the camp to the fault attractive to the geologist. Some rich or a surface showing of the camp to the fault attractive to the geologist. Some rich or a surface showing of the

RENEWS INTEREST

RENEWS INTEREST

With the Superior's marked success in placing the Maxwell on production, renewed interest has been centered on the southeast section of the field. The belief fostered for months because of water trouble in the early wells that this section is edge territory, has been effectively disproved and speculation is now directed to the chances for production still further south and east.

If is interesting in this respect to note that, with production as guited around the original two outposts and the original two outposts. Union's Athens No. I and the line between the two rapidly closing, that greater interest is being manifested in developments northwest of the Rosserans well.

In the Rossecrans end, besides the Union's original well, which is ripping six and one-quarterinch casing, the Maxwell producer and the Gray, Padelford and Brockley wells several other projects look promising. Harnsdail No. I is in the oil sand at 4175 feet. Associated Higgins No. 1 is testing for water shutoff with a good oil out at 4125 feet. These wells both offset the Maxwell No. 1.

It is the string of water shutoff with a greater interest is being manifested in developments northwest of the Rosserans well.

of the reduction in the New York Federal reserve rediscount rate on the bond market last week were measured by the successful flotation of an unusually large volume of new financing rather than by the price movements of the listed securities. Both domestic and foreign issues, however, sold around the year's highest levels, although their progress was slow and interrupted at times by selling.

New bond offerings totaled approximately \$145,000,000, the largest weekly output since last February when the \$150,000,000 the largest weekly output since last Septiment of virtually all issues testified to the keen public demand for attractive investment securities.

Two of the week's offerings commanded an uncommon display of interest from investment circles.

The all wells, which is being watched with great interest by oil men in this district.

The well has been drilled 4900 feet deep and because of its depth, the outcome of a production test will perhaps be indicative of the field boundary. The discovery well of the field, which is \$2400 feet and the finding of production at 4900 feet would indicate a deep dip and have bearing upon the entire field.

The Associated Oil Company, has drilled the Gregg No. 1 well at 2800 feet and progress is being made steadily. The Montio-John-has drilled the Gregg No. 1 well is idle at 2440 feet. The Mohaw Cill Company is redrilling the Denny No. 1 well at 2800 feet and the field.

CHURCHES HELD ONLY STEP AHEAD OF SATAN

IEXCLINEZ DISPATCHI

ST. LOUIS, Aug. 17.—Churches of this city are keeping just a sittle ahead of the forces of disposition and failure, according to Rev. H. Paul Douglass, who has completed a survey of churches here. 'The question of the future, says Mr. Douglass, "is frankly that of hanging together or hanging separately. It is entirely consible the whole colossal fabric of the St. Louis church may be worth less than its carrying charges tomorrow. Only by a succession of vigorous steps is there my assurance that the second million of St. Louis people will be any cetter served than the first million or that the church and city of tomorrow will be more worthy than those of today."

Refusal to Aid Call for Radical Convention

NEW YORK, Aug. 17.—For the second time in three days the La Follette campaign managers in second time in three days the La Follette campaign managers in New York State have been rebuffed by organized labor, the latest instance being the official notice sent out by the Central Trades and Labor Council of this city today advising that support be withheld from the call issued by the conference for progressive political action for a convention on Wednesday at 210 Fifth street.

The first important upset came on Friday in Albany when the Brotherhood of Railway Trainmen refused to tie up with the La Follette forces in their State convention in Albany.

John Sullivan, president, and John P. Coughlin, secretary, of the Central Trades and Labor Council today sent circulars to secretaries of all affiliated unions advising that all support be withheld from the call issued by the La Follette organization for the convention on Wednesday.

The Sullivan-Coughlin circular asserted that "all matters concerning the nenpartisan action of the American Federation of Labor on national candidates, together with the proper financing of any campaign for legislative office will be handled at the Central Trades and Labor Council meeting the 21st inst."

CONFESSION LAID TO M'COY PEDESTRIANS TO

Woman Says He Told Friend He Killed Mrs. Mors;

MORE M'COY

NO GUILE USED

NO GUILE USED

There was not the slightest attempt on the part of MoCoy, said Jarvis, to use guile or deceit during the examination. The Kid readily co-operated in all the tests and questions. He showed great pride in his physique. He grew loquacious when persons and scenss in European cities were mentioned. Certainly, he said, he remembered Signor So-and-So of Florence, Italy. They had had quite a discussion when they had met at the Cafe de Paris, at Nics. Jarvis believes that the inordinate vanity of McCoy forced him to display what intellect he has, and that he would consider in-sanity a profound disgrace to "the real McCoy" even in the event of saving the Kid's neek from intimate acquaintance with a length of hempen rope.

Until the case comes to trial the allenists will continue to observe the Kid and his mental activities.

McCOY GETS BACK

PART OF JAUNTINESS Norman Selby became Kid McCoy again yesterday. The former
pugilist recovered some of his oidtime jauntiness in his first real
day of rest since the slaying of
Mrs. Teresa Jors and his reign
of terror in the Mors art shop
on Seventh street, and told keepers he "felt like a million dollars."

cape.

The shop will be reopened at once with permission of the court granted to Mors.

That Drowsy Feeling

Always fighting sleep—constantly dropping off in a doze — is not natural under normal conditions. You may have Diabetes. Does your urine show any signs of sugar? Don't jeopardize your future health and happiness—relieve your condition and ward-off-serious developments with the aid of Mountain Valley Water from that haven of kidney sufferers, Hot Springs, Arkansas. Physicians prescribe it. Our files contain hundreds of testimonial letters from sufferers who have been benefited. Ask to see them. Phone for a case.

Laster's Divine Plan

The Theory of the State of the State

SAYS SOME MEN MAY

integration. In part Dr. Culbertson said:

"Most modern thinkers have given up the medieval belief in endless hell-torture because such a belief is inconsistent with the character of God as revealed in the life and teaching of Jesus; and since we have discarded this belief, there are a good many shallow-thinking folk who have leaped to the unwarranted conclusion that the Divine Being is going to gather everybody indiscriminately into a heaven of golden streets and angel harps regardless of their moral condition. Just as the vegetable kingdom is higher than the minreal kingdom and the animal kingdom is higher than the beast-kind, so among humans there are those who have attained, by God's grace, to a higher kingdom, the heavenly kingdom of spiritual character, which is immortal and enables these persons to survive enables these persons to survive physical death and live on in a spiritual universe after this earth

enables these persons to survive physical death and live on in a spiritual universe after this earth has passed away.

"Are all men immortal? Not necessarily. In business, in art, in professional careers, it is the few who succeed and the many who fail. In the field of religion the analogy holds good, and only those survive who are fit to survive.

"Jesus's teachings concerning the fate of men after death seem to refer to three classes of persons. For one group there is destruction, perishing, the fate of the chaff which is burnt up, (not tortured, but destroyed.) He uses the word Gahenna, mistakenly translated hell. For another group, there is the often-repeated phrase, 'eternal life.' 'Because I live, ye shall live also,' in the endless existence of the blessed, in fellowship with God, and increasing growth and glorious service in other worlds to come. In regard to a third group He describes punishment in after life. These are the persons who have evolved spiritual capacity and who have, to use biological language, come into correspondence with their spiritual environment and therefore are able to survive death, but who are rebellious against the light that is in them, sinning against their ideals; and for these Jesus predicts punishment.

"But, how about children who die in infancy? Do they survive? The evolutionary analogy is plain. Children born of Christilke parents, who have lived lives of devotion and prayer, inherit a spiritual capacity and a tendency toward good just as truly as they inherit other traits."

CONFER ON BOND SALE

CONFER ON BOND SALE The City Council this morning The City Council this morning will confer with representatives of bond and investment houses relative to the proposed sale of \$2.352,000 water bonds, bearing 4 1-3 per cent interest, which are now in the city's sinking funds Councilman Mushet, chairman of the City Council's Finance Committee, is opposed to the sale of the bonds at this time.

Closing Out Entire Stock

If in need of homefurnishings this sale offers unpre-cedented opportunities for saving. The immense stock on hand, as well as new merchandise ordered before this event, is being closed out at special prices. Do not fail to take advantage of the worthwhile values, "before we move."

Only merchandise of the highest quality comprises our stock and every piece sold is backed by our guar-antee. This assemblage of goods must be moved into the homes of Southern California within a short time and we are quoting prices that will move it.

Colonial Reproductions Combine Utility and Charm

GUARDSMEN PRAISED BY COL. STORY

Leader Tells of Honors Wan by 'Los Angeles Own' at Del Monte Camp

BY WALTER P. STORY

Colonel 160th Infantry, C.N.G. (Illustration on Picture Parel) After our return yesterday from ment of the National Guard, at Camp Del Monte, I de not wan to everlook an opportunity to tell the fathers and mothers, wives and sweethearts, here in Los An-geles just how proud I am to have their men in the "all Los Angeles" Cne Hundred and Sixtieth Regi-ment.

their men in the "all Los Angeles"
One Hundred and Sixtieth Regiment.
Our arrival at Del Monte attracted considerable comment, because of the splendid order maintained in detraining. Mrs. Kuhn, wife of Brig.-Gen. Kuhn, commanding Camp Del Monte, spent the entire morning watching the national guardsmen detrain, and her complimentary remarks to me in favor of our One Hundred and Sixtieth. Regiment men were in the superlative dagres to say the least.

Aithough over five hours late, within five minutes after arrival in camp the infirmary was established and ready for any emergency. Within two hours the men in charge of communications had installed the regimental switchboard, and had established connection not only with each company headquarters, but also with brigade headquarters and with the Monterey telephone exchange.

Also I am very proud of the fact that the Los Angeles regiment walked away with the boxing and wrestling championship titles in almost every class while in baseball and track events on the special Field Day, last Wedneaday, we fared equally well. Last Sunday when an emergency fire call came in, it was a company from our own regiment which protected a ranch house directly in the path of the advancing fire. Ours was the only regiment in camp enlisted to its maximum quota, and I am especially proud of the number of university men among our enlisted personnel. As a matter of fact, from the University of Southern California alone, we had twenty-five men.

Col. David P. Barrows, commanding the One Hundred and

NOW IN TENTH WEEK VALENTING BESTING

Cat and the Canary" at the Morosco. Yesterday's matinee began the tenth week of the show's run at the Eighth and Broadway theater, bringing the total number of Angelenos who have seen the play in this run well up toward the 110,000 mark.

The play is a combination of thrilling scenes plus inimitably funny situations. It is this blending of the two qualities which seem to constitute the great attraction the Willard opus has for the audiences.

Charlotte Treadway, Harland Tucker, Gayne Whitman, James Donlan, Grace Travers, Albert Van Antwerp, Mary Fisher, Jane Morgan and Joe Eggenton have the featured roles.

When "The Covered Wagon" showed at Grauman's Million Dollar Theater, it broke all records and it seemed that it would hold them for some time to come through the heater last week to ease Rudolph Valentino omes back in "Monsieur Beaucaire." a polished, finished actor, which enhances the charm of his fascinating love scenes. He has three of these in this picture, interspersed with thrilling adventure and daring sword-play. Featured with him are Bebe Daniels, Lois Wilson, Doris Kenyon and Lowell Sherman.

FLASHES

VIOLA EMOTES

MISS DANA PROVES EFFECTIVE IN "REVELATION"

By Grace Kingsley elation," over at the Calimany things, but principally of the fact that Viola Dana can play the fact that Viola Dana can play heavy drama if she so elects. But after all, when all is said and done, you feel like saying, "Well, what of it?" There are plenty of tear teasers and only a few real comediennes on the screen. To be able to make people laugh, Miss Dana, is one of the gifts of the gods. Why relinquish being a comedienne par excellence to do something that a lot of people can do just as well or better? We hope you don't take it into your head to play "Leah the Forsaken," or something like that, because, drat it, we know you could do it. But what's the use?

REPORT AGAINST HIGH LINE CANAL

Asserts Eost Makes Arizona Project Infeasible

Virgin Canyon Proposal Also Found Too Expensive

Parker-Gila Valley Plan is Called More Practical

That the proposed Arizona High Line Canal would be so costly its construction would be infeasible ect which would bring under irri proposed, are the conclusions of a special report made by E. C. United States Geological Survey and chairman of the Arizona Engineering Commission,

The commission, says Mr. La Rue, discovered that the plan ter from the Colorado at Boulder Dam, 1325 feet above sea level, would cost \$600,000,000 if the canai was constructed only as far as the Williams River, an impos-

Dam. 1318 fost above sate was at the Williams River, an imponsible figure. An alternative plant have been been seen as a third williams River, an imponsible figure. An alternative plant have been been as a state of the waste o

with the forces from the Atlantic at a rendearous on the Panama Canal.

The fall gunnery program then would be carried out in Panama waters before the combined fleet sailed for the West Coast in early January. All the principal ports in Peru and Chile are to be visited under the program, to be strongly urged by the Secretary of the Navy when he goes before the Congressional committee on appropriations.

The cruise to Australia scheduled for next summer, is still on the doubtful list. If sufficient funds are provided by Congress in the fuel appropriations, however, the cruise will be made by the Battle Fleet, plus the new light cruisers stillations, and of the Scouting Fleet. This force the Fleet here in
